### **Career Objective**

To get a growth oriented position in the organization where my skills can be utilized for the improvement and success of the organization.

### **Projects Worked On**

Title : EVALUATING CHALLENGES OF INDUSTRY 4.0 INITIATIVES FOR MANUFACTURING PLANT

Academic Year : 2019-2020

Description : The proposed has a direct impact on product quality, productivity and cost. The proposed will not only provides the repeatability and high productivity, but also offers a solution, which reduces the human interference and production time. Hence the automatic process is much better than the manual process.

Title : FABRICATION OF LIVE CUT SECTION PROTOTYPE OF FOUR STROKE FOUR CYLINDER PETROL ENGINE

Academic Year : 2016-2017

Description : as our project name is fabrication of live section prototype of four stroke four cylinder petrol engine, the actual working of four stroke petrol engine had been understood perfectly.

Before making of our project, the student studied the working of four stroke petrol engine theoretically only but after the success of project the student can study it practically too.
